Award # 38 - Kansas 2010									
Division IX Class: 23-6.5 Mechanical, Movable									
Correct number of buttons: **18**									
Correct Size: Any Size									
All buttons have mechanical or movable parts. Parts are meant to move, either by hand or motion, without disassembling the button. Buttons with tops that unscrew are acceptable. Dangling beads are acceptable but beads sewn or woven loosely into the design are *not* appropriate here. Holograms are not appropriate here.
